Invitation

On behalf of the Organising Committee of the 19th V.M Goldschmidt Conference™, I would like to invite you to participate in this exceptional event as a conference sponsor or exhibitor.

The Conference is to be held from 21 – 26 June, 2009, at Davos in Switzerland. The Congress Centre will host the 21 scientific themes, the sponsored social events and commercial exhibition. The Davos meeting features a particularly exciting scientific and social program. This year the special Earth's Future Day hosts a series of talks and panel discussions featuring world-leading high-profile speakers.

Given the record number of participants at the last two Goldschmidt conferences, we confidently expect over 2000 delegates to attend. In addition to large numbers of European and North American geochemists, many Asian scientists took part in last year's meeting. Goldschmidt2009 therefore provides a unique networking opportunity for sponsors and exhibitors, with access to the leading geochemists, key academic purchasers, and graduate students in both a professional and social setting.

The Congress Centre at Davos is best known as the home to the World Economic Forum, and is set in the spectacular natural surroundings of the Swiss Alps. With many years experience of providing an excellent environment for delegates and exhibitors alike, the Congress Centre also hosted the Goldschmidt Conference in 2002. This year we are making optimised foot-fall throughout the day a priority for the exhibition stands in all three spaces.

Various levels of involvement are outlined in this prospectus. If there are other ways in which you would like to participate, the Sponsorship and Exhibition Coordinator would be very happy to discuss these with you.

I look forward to your organisation joining us in Davos!

All the exhibition spaces are located in areas where daily refreshments are provided to delegates throughout the day. The South Entrance will be closed during the main part of the day, directing the flow of people through all three floors.

The 19th V.M. Goldschmidt Conference™

Advertising & Promotional Opportunities

Full-Page Colour Advertising (Program Volume)

€ 1 000 (€ 869.57 + VAT @ 15%)
Per Page in the Program Volume

A page of colour advertising in the printed Program Volume is highly recommended as a particularly economical way to secure your target group's attention and share your details (artwork to be supplied by you). The Program Volume is 210mm high and 100mm wide, with perforations for the wire binding in the 5mm margin (please include an additional 2mm bleed).

Every delegate receives a copy upon Registration and uses it throughout the Conference to find important information. The Program Volume is also taken back to labs and offices around the world to be used for reference in the following months.

The overall design and reproduction is extremely high, and we would welcome the opportunity to discuss where in the Program Volume would be most suitable for you. If you would prefer our design team to supply the artwork we would be happy to provide a quote.

Direct Advertising (Email Circulars)

€ 1 000 (€ 869.57 + VAT @ 15%)
Per Advert per Email

Email circulars go directly into the inbox of each delegate. There are two opportunities for targeted email advertising:

- The Final Circular a week before the Conference, giving delegates a preview.
- The post-conference Follow-up Circular, reminding them of your details.

Each advert is formatted in HTML giving flexibility in layout and display. Your advert may include a picture, to our specifications, and up to 200 words (both to be supplied by you).

Promotional Display

€ 1 500 (€ 1,304.35 + VAT @ 15%)

A Promotional Display of literature free to delegates will be available at the Conference. This provides an alternative to distribution in delegate bags, which are not being included this year. The price includes the display of copies of one publication, brochure or leaflet for the table, sufficient in total for every delegate (but no further materials or display stands). Materials are to be supplied and shipped in time for the start of the Conference by the sponsor.

We recommend you discuss this opportunity with us at an early date because there is limited space available. We are very happy to discuss your requirements and budget if you would prefer an Exhibition Space. Full-page advertising is also available in the Program Volume.
