

## Plenaries & Awards

### Welcome Addresses

**Monday, June 14**

**08:15 Ballroom EFG**

**Sam Mukasa**

President of the Geochemical Society

**Senator Lamar Alexander**

### Plenary Lectures

**Monday, June 14**

**08:45 Ballroom EFG**

**Eric Oelkers**

EAG President

*'How Can Geochemistry Save the World?'*

**Tuesday, June 15**

**08:30 Ballroom EFG**

**John Parise**

Professor of Geosciences & Chemistry, Stony Brook University

*'Opportunities at Light Source and Neutron Facilities'*

**Wednesday, June 16**

**08:30 Ballroom EFG**

**Don DePaolo**

Director, Center for Isotope Geochemistry, UC Berkeley

*'Carbon Sequestration Geochemistry'*

**Thursday, June 17**

**08:30 Ballroom EFG**

**Susan Brantley**

Professor of Geosciences, Penn State University

*'Bedrock to Soil: Where Rocks Meet Life in the Critical Zone'*

**Friday, June 18**

**08:30 Ballroom EFG**

**Jérôme Chappellaz**

Director of Research, CNRS, France

**Gast Lecture:** *'Greenhouse Gases and their Isotopes  
in Firn Air and Ice Cores'*
